Restricted revenue balances authorized in the Variances category represent restricted revenue carry-overs that could have been used in the current period but were not

For budgetary purposes, encumbrance authorization are considered use of spending authority in the yea the State incurs an obligation.

<sup>\*</sup> Timing differences are subtracted from Gross Spending Authority in order to show an annualized Budge that is comparable to the current year's Actual uses. Timing differences consist of unused authorizations for multi-year projects (capital outlay and work projects) and restricted revenue not authorized/used, which includes Revenues that by statute, are restricted for use to a particular program or activity. Generally, the expenditure of the restricted revenue is subject to annual legislative appropriation. However, the restricted revenue may also be used in subsequent years to finance expenditures in multi-year appropriations and fo encumbrances carried forward.

Prior Year encumbrances

Amount reported on Budgetary Comparison Schedule

\* Timing differences are subtracted from Gross Spending Authority in order to show an annualized Budge that is comparable to the current year's Actual uses. Timing differences consist of unused authorizations for multi-year projects (capital outlay and work projects) and restricted revenue not authorized/used, which includes Revenues that by statute, are restricted for use to a particular program or activity. Generally, the expenditure of the restricted revenue is subject to annual legislative appropriation. However, the restricted revenue may also be used in subsequent years to finance expenditures in multi-year appropriations and fo encumbrances carried forward.

Restricted revenue balances authorized in the Variances category represent restricted revenue carry-overs that could have been used in the current period but were not

For budgetary purposes, encumbrance authorization are considered use of spending authority in the yea the State incurs an obligation.
